Study Visit to Historical Khajana Well & Mordara

Academic Year 2018-19

With the permission of the Principal, Balbhim Arts, Science and Commerce College, Beed, one day study visit of students have been organized on 28th January 2019 jointly by the Department of Political Science and faculty of Social Sciences. Total 34 students were participated in the visit.

Khajana Well is constructed in the period of Nizam rule in Marathwada region. It is almost 6 kilometers away from the college campus near the Pali Village. The Khajana well is a big well and also known as Khajana Boudy.

It was constructed about 1582 A.D. by the then Jahagirdar of Beed. There are three inlets which feed the well and only one outlet. The source of water supply to the boudy has not yet traced. The cannels are building for irrigation purpose. It had irrigated over a thousand acres of land. Its water level remains the same at all time of year.

Dr. R.K.Kale, Dr. S.E.Ghumatkar, Prof. R.T.Khan, Prof. A.R.Armalkar, Dr. G.K.Wayase, Dr. A.Y Sarangkar sir were participated in the study visit and introduced to the students about water management of Khajana Boudy.

Study Tour Report

Hydroelectric Power Station Ujani Dam,
Bhimanagar, Solapur.

(Academic Year 2017-2018)

STUDY TOUR REPORT

On 20th January 2018 our department has organized study tour at Hydroelectric power Station Ujani Dam Bhimanagar, Solapur. 16 Students with 4 teachers were the part of this study tour. The hydroelectric power Station Engineer gave information regarding power station, how it works, and what amount of energy is generated through this power station.

Mr. B. T. Tate and Mr. B. B. Madavi explained Physics behind the hydroelectric power station, it covers the following points.

1. Energy generated through this project is non-conventional energy.
2. This energy is a clean source of energy.
3. Difference between conventional and non-conventional energy sources.

Information Given by Project Engineer

This project was established in 1994, it generates 12 thousand unit of electricity per hour which requires 1600 cusec of water. Water which is used for this hydroelectric power is again reversed in the dam. If dam is filled up to the capacity of 100% then it works up to three to four month in a year.

Report on Infosys Visit

A educational trip was organized by Department of Zoology to Infosys Pune based at Hinjewadi from 14th December 2018 to 16th December 2018. Total of 27 students from B.Sc. I, II and III year visited Infosys. Head of the Department Dr. P. B. Rokade and Dr. Varsha Jaisingpure organized this visit for Department of zoology.

The trip was in collaboration with TPO Dr. Babasaheb Ambedkar Marathwada University, Aurangabad. On 14th December there was a complete tour of the Infosys campus and their various departments, buildings, research labs, meeting and presentation rooms and so on.

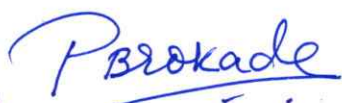

On 17th December in the morning there was a brief presentation in the Meeting hall about BPO, their working structure, their interview pattern, the material to study, job structure and all. In the afternoon session there were presentations on body language, presentation skills, English fluency and stage courage.

After a stay on 17th December at their in campus hotel, we were back in the morning for Beed. At 3pm we were at Beed and after dropping each and every student safely to their home the visit was over.

The basic idea of this tour was to introduce students to corporate culture and prepare themselves for the job opportunities available there in Infosys after graduation.

Tour Report

Department of Zoology

Department of Zoology organized a one day tour to Fish Breeding Farm based at Kedapuri Camp, Majaogaoan on 9th January 2020. The idea behind this trip was to make students aware of fish farming and its techniques so after graduation instead of searching jobs here and there, they can start their own business.

Fish production is carried out at Kesapuri camp, artificial fish breeding is the main purpose of this camp. Artificial breeding environment is prepared in breeding tank where brooders are introduced and they get a false idea of rainy season and they breed and give eggs which hatch into larvae or fry and fingerlings.

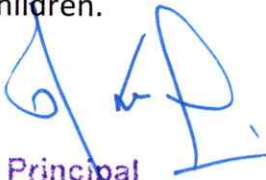

Brooders (fish which are going to lay eggs and sperms) are kept isolated in separate tank and are used only while breeding, after breeding they are back to their ponds. Fish fry and fingerling are also kept in separate nursery ponds, rearing ponds and stocking ponds.

The fishes are injected with ovaprim after which they give eggs within two to three hours. Ovaprim injection is prepared from synthetic hormones which force the fish to give eggs.

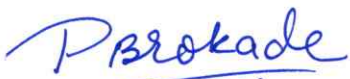

The next technique of breeding is to prepare the injection in the camp by collecting pituitary gland of other fishes and injecting it to the brooders.

The fish crop is purchased by the local fisherman and sold in market at their price. Also the fry and fingerlings are sold to other fish farm owners and people who culture fishes in their tanks and farms.

In the evening we were back at the college gate where parents were eagerly waiting for their children.

Study Tour Report

2017-2018

Faculty of Commerce had arranged its annual study tour on 30/12/2017. This study tour was planned for following places viz. Shegoan, Anand Sagar garden and some interested historical places for exploration as well as educational information. In this study tour there were 46 students enrolled along with 6 staff members of faculty with duly permission given by the Principal Dr. V.G. Sanap Sir. Our Head of the Faculty of Commerce in this regard took up initiative for arranging study tour accordingly all the faculty members took into account his instructions.

During the study tour we visited specified places as per the planned schedule of tour. At the beginning in morning at the college campus all the concern faculty members assembled with students. We scheduled this study tour in the month of winter season so that immense cold was there and students were completely over the moon for this study tour. At morning 9:00 am we had preparing for moving out from the campus by private fixed bus of local travel agency.

Moreover, as per the schedule and customary respected Principal has authorized dignitary for sending to the students and by his auspicious hand see off to us from the college campus. We moved out on 9: am in morning and reached out there on 6: pm evening at Shegoan. Once get off from the bus we were looking for some rooms and lodge to stay and there we found temples charity rooms and according to the strength of the students we booked the rooms.

Over and above, we carried on our tour to the next level, where we were determined firstly to take worship of deity Gajanan Maharaj and then onwards we took some refreshments. Meanwhile, students took permission for roaming throughout the temple to make over the place thoroughly. Staff members also took off to keep in view some scope for exploring. We asked the passersby, locals in respect of educational study tour.

Faculty of Commerce had arranged its annual study tour on 1st Feb.2019 to 4th Feb. 2019. This study tour was planned for following places viz. Matheran –Alibag-Murud Janjira and some interested historical places for exploration as well as educational information .In this study tour there were 28 students enrolled along with 7 staff members of faculty with duly permission gave by the Principal Dr.V.G.Sanap Sir. Our Head of the Faculty of Commerce in this regard took up initiative for arranging study tour accordingly all the faculty members took into account his instructions.

During the study tour we visited specified places as per the planned schedule of tour. At the beginning at 7.00 o'clock evening in the college campus all the concern faculty members assembled with students. We scheduled this study tour in the month of winter season so that immense cold was there and students were completely over the moon for this study tour. At night 9:30 pm we had preparing for moving out from the campus by private fixed bus of local travel agency.

Moreover, as per the schedule and customary respected Principal has authorized dignitary for sending to the students and by his auspicious hand see off to us from the college campus. We moved out on 9:30 pm at night and reached out there on 5.00 am morning at Mahad.This town is located in Raigad district in the north kokanrigion.All the students have taken rest for half an hour. And then went to special place MahadGanpati temple named as Varadvinayak Temple

After visiting the temple tour moved towards Matheran , at 12.30 pm we reached to matheran . it's a very beautiful place belonging with hills stations. Just like a Dhindi point. After this students observed some forest animals , there are 38 view points in Matheran. Then tour turn towards Lunch ,all students got energy after

STUDY TOUR REPORT (February 1 - February 4)

ON

MATHERAN - ALIBAG - MURUD JANJIRA.

- Introduction: By conducting the educational tour, it can help students to be more knowledgeable and familiar with the things that are related to their course. The Report of tour is prepared by all students and teachers.
- Objectives:- The specific objectives of the tour are:-
 1. Real World Experience:- Students practice their skills and critical thinking abilities.
 2. Reinforcement:- The tour can reinforce or support what a teacher has been instructing in class about a subject and help students.
 3. Socialization:- Taking students into a new environment give us the experience of travelling into a group and teach us to socialize and to be respectful of the locations.

Tour Report:-

The tour was conducted by Department of commerce of Balbhim college, Beed. It was planned for 3 days. It was a journey from Beed to Mahad - Matheran - Alibag - Murud Janjira. We were 40 students i.e. 23 Girls and 17 Boys. Alongwith students, the seven teachers i.e. 5 male teachers and 2 female teachers also have taken apart. Before 2 days of this tour our HOD sir i.e. Shri. Chhanwal Sir had divided students into 4 groups and our group leaders were all teachers i.e. Puri Sir, Mane Sir, Unawane Sir, Dahar Sir,

kagde mam and Dhole mam. All students had co-ordinated with their group leader.

I. Assembly Time :- The assembly time was 9:30 pm. at Shivaji Chauk, Beed. Our group leaders were gathered early in the said place. On 9:30 p.m. we all students were gathered with our parents. We were really excited and our journey began.

II. Seating Arrangement :- The beginning of this memorable trip was so good. All students sat as per teachers instruction. We sang songs, poems and also ate chocolates, snacks etc. In the bus sound system available and therefore some excited students danced.

III. Mahad - a beautiful place :- We reached at 5am in morning. Mahad is a town in Raigadh district situated in the North Konkan region of Maharashtra state, India. All students have taken a rest for half hour and then all students and their group leaders went to a special place in Mahad i.e. Mahad Ganpati Temple. Mahad Ganpati Temple or Varad Vinayak, also spelt as Varadavinayaka, is one of the Ashtavinayak temples of the Hindu deity Ganesha. Beside the temple a lake was also there. And in the lake ducks were available. That was amazing scene.

IV. Breakfast and Shopping :- After visiting temple we took breakfast / coffee. Beside the temple a market was available for

shopping. Students bought hats, goggles and other things. We are lucky that we got a chance to see Mahad. That was not part of our trip. Mahad is considered as the Land of freedom fighters. Many revolutionary freedom movements of India originated in Mahad.

V] Matheran:- The main beginning was started. Before arranging this tour we were not excited, but after hearing the word "Matheran", we were too excited. and our journey was started. After visiting the temple we went to Matheran by our bus. We reached our destination at 12:30 pm. i.e. in afternoon. We all came out from bus and we were really happy because it was a beautiful place. Matheran is a hill station, near Mumbai, in the west Indian state of Maharashtra. It is known for its mild climate and well-preserved colonial architecture.

V] Taxis in Matheran:- Motor Vehicles are banned and many visitors drive by narrow-gauge railway on the 1907 Neral- Matheran Toy Train. There were taxis also available. We can even hire a local van to travel till the Dhindi Point. We hired local van and in a van only 5 members sat. That Ghat was full of turns, we all turned at least 100 times. Within 15-20 minutes we reached the top point of Matheran. We took tickets and we started our beautiful journey to beautiful hill station.

VII] Animals:- The town also has a large monkey population, including bonnet macaques and Hanuman langurs. We offered ~~but~~ biscuits to the monkeys. Inside the forest animals like leopard, barking deer, Malabar giant squirrel, fox, wild boar, mongoose are found. There were also horse available and some students had done horse-riding.

VIII] Viewpoints:- There are around 38 designated look-out "points" (Viewpoints) in Matheran, including the Panorama Point that provides a 360-degree view of the surrounding area and also Neral town. From this point, the view of sunset and sunrise is dramatic. The Louis point offers crystal clear view of the Prabal fort. The other points are the One Tree Hill Point, Heart Point, Monkey point, Porcupine Point and more. We visited all this points.

IX] Lunch:- After visiting all this points, we were tired as well as hungry so, we have eaten our lunch in a restaurant. All students got energy after lunch.

X] 9D Movie and Horror House:- After taking lunch, we again were excited. Besides the restaurant, a horror movie house were available. firstly we 12 students saw 9D movie ~~then~~ after 9D movie we went to Horror House. Before, entering horror ~~house~~ we were nervous and we also had fear how will it be?

But, it was really funny. After enjoying all this points and it was time for leaving it. We left Matheran and went to Alibag.

XI] Tea and Coffee Time:- After leaving the Matheran we wanted to take rest. In bus we have taken rest for a hour and after rest it was time for tea and coffee. We stay at a hotel for tea and coffee.

XII] Alibag - a coastal town:- At hotel, Sir i.e. our HOD announced now we are going to Alibag. All students we happy. We reached Alibag at 9 p.m. Our resort was beside the Varsoli beach. We had 6 rooms in the resort. Three rooms for girls and three for the boys. After reaching in the rooms, we freshened up and took dinner. After dinner, we went for nightwalk at Varsoli Beach.

XIII] Varsoli Beach:- Varsoli beach is one of the least visited beaches of Alibag. It is not visited by many tourists and hence remains less crowded than other beaches of Alibag. Varsoli is a beautiful white-sand beach coupled with the calm waters of the Arabian sea. Few stretches of the shoreline are also dotted with the rocky stone which provides this beach with another natural beauty.

XIV] Morning at Varsoli Beach:- After Nightwalk, we returned to resort and we

played cricket. After playing cricket we got instruction that in morning we have to wake up at 7 a.m. and have to go Varsoli beach. We slept at night and according to instruction we all went at 7 a.m. to Varsoli Beach. We enjoyed a lot at Varsoli Beach. We stood before a beautiful beach, and that were the waves (which) or who whispered to us. The sound of waves crashing on the shore is one of the most relaxing sounds on Earth.

XV] Message from Varsoli beach: - Life is like the ocean. It can be calm and still, and rough or rigid. But in the end, it is always beautiful.

XVI] Murud Janjira: - After enjoying on the Varsoli beach, we returned to our resort and we were ready to go for Murud Janjira. We reached Janjira at 2 p.m. Firstly, we took lunch and then bought things like accessories, goggles etc. Now it was time for "Murud Janjira fort." We had to go there by boat. Around 60-70 persons can travel in a single boat. We all students plus our group leaders and others travellers were in a boat. Within 10 minutes we reached there. We had a guide who guided us.

fort, weighing over 22 Tons. The main gate of the fort faces Rajapuri on the shore and can be seen only when one is about 40 feet (12m) away from it. It has a small postern gate towards the open sea for escape. The fort has 26 rounded bastions, still intact. On the outer wall flanking the main gate, there is a sculpture depicting a tiger-like beast clasping elephants in its claws. It is an island with a fort built by the siddis in 17th century.

XVIII] Kashid Beach:- After visiting Murud Janjira, we went to the Kashid Beach. Kashid Beach near Mumbai and Pune is a lesser known paradise with crystal clear sea and golden sand shores. It is popular mainly because of its white sand, blue seas, green mountains, paddy fields, and rivulets. We again done horse riding on the Kashid beach. We have also done Quad Bike Ride. Breathtaking quad bike ride on Kashid Beach to give you cherishing memories of adventure and it is the best opportunity to get rid of all the stress.

XIX] Dinner at Visava Hotel:- Kashid Beach was the amazing. After enjoying there we went to Visava Hotel for dinner. After dinner, we took rest in the bus for 2-3 hours and it was the last day so, all students were enjoyed that last night of it.

tour. Now it's time to go our "Beed." We reached Beed at 8:30 am in the morning. Our parents was waiting for us. We shared our all moments with our family and friends. This was the memorable trip or tour in our life.

XX) Conclusion:- The studious attitudes and efforts got completed successfully, We touched to Shivaji chaurk at 8:30 a.m., Each one of were tired but contented for sure. We were ready to welcome a dear morning of vivid colours of sky and grass, the wide clearview of the horizons, It was the amazing tour of our life.

XXI) Acknowledgement:- We would like to thank to our Principal sir Dr. V.G. Sanap sir for giving permission to this trip. We also thank to our HOD, Dr. J.L. Chhanwal for his support and all teachers i.e. Paris sir, Mane sir, Dahe sir, Unawane sir, Kagde Mam and Dhole mam. Thank You!
